Introduction

Bullying in schools is every parent's worst fear. They may fear that their child is being bullied, that their child is bullying others, or that their child is witnessing bullying happening around them. All parents want the security of knowing that school is a safe place for their children, a place where they can not only learn, but build new friendships and create lasting memories. Unfortunately, the end of bullying is still not in sight, and it still threatens the wellbeing of children around the world.

These digital resources have been developed to support you, as a parent, to address the topic of bullying with your child.

	or trafficking.			
<p>Step 2. Check together the answers and read each connection out and talk about it. It is important that your child knows that you can talk together about it and that it is not their fault if they are being bullied by others, so they can feel safe with you.</p>				

Tip sheet

TIP 1: Start to build confidence in relationship with your children today

It is very important to build relationship based on trust between you and your child so start today and talk about everything what your children do on internet, what applications they use, who they are in touch with.

TIP 2: Talk with children about cyberbullying

It is very important that children feel safe to talk with you about cyberbullying, so listen carefully when they want to talk to you. If your children doesn't want to talk with you be patience and try it small steps.

TIP 3: Use our chart of keywords in funny way

Try to make slogans from keywords, children can swap slogans or can write down few lines what do they think about keyword they choosed, or if they experienced something. This excersie can open up communication between you and your children.
